

Office of the
Leg. Auditor

OFFICE OF THE LEGISLATIVE AUDITOR

STATE OF MINNESOTA • James Nobles, Legislative Auditor

DATE: November 8, 2016

TO: Katie Elmore, Legislative Reference Library

FROM: Eric Jacobson, Business Manager 

SUBJECT: Contract Reporting – Contract between Office of the Legislative Auditor and Wildlife Management Institute, SWIFT Contract No. 100434

As required by *Minnesota Statutes* 2016, 3.225, subd. 5(c), this is the Office of the Legislative Auditor's performance report to the Legislative Reference Library.

Purpose of Contract:

Pursuant to *Minnesota Statutes* 2014, 3.971, the Office of the Legislative Auditor (OLA) was directed by the 2015 Legislative Audit Commission to conduct a program evaluation of the Department of Natural Resources (DNR) deer population management activities. This evaluation required specialized technical expertise and in-depth knowledge of and experience with (1) accepted practices for surveying and estimating white-tailed deer populations, (2) the development and use of scientifically valid statistical deer population models and methods for projecting estimated populations, and (3) audit techniques for detecting deficiencies in model assumptions and outputs. The consultant's work was part of a broader evaluation by OLA of DNR processes for establishing Minnesota's deer population goals and hunting permit strategies.

Amount of Contract: \$81,478.66

Justification for Contract:

The Office of the Legislative Auditor did not and does not have employees with technical expertise to perform certain tasks related to this program evaluation. This evaluation and subject matter was a unique, one-time assignment. Hiring a technical expert for a short duration to complete a limited number of tasks was more cost-effective than (1) hiring a permanent wildlife biometrician or statistician with expertise in deer population modeling, or (2) expending time and costs to train and educate current employees on this subject matter. A full copy of the Wildlife Management Institute's report is contained within the 2016 OLA report *Department of Natural Resources: Deer Population Management* located at: <http://www.auditor.leg.state.mn.us/ped/2016/deermanagement.htm>.

OFFICE OF THE LEGISLATIVE AUDITOR

STATE OF MINNESOTA • James Nobles, Legislative Auditor

DATE: November 8, 2016

TO: Katie Elmore, Legislative Reference Library

FROM: Eric Jacobson, Business Manager 

SUBJECT: Contract Reporting – Contract between Office of the Legislative Auditor and Milliman, Inc., SWIFT Contract No. 100697

As required by *Minnesota Statutes* 2016, 3.225, subd. 5(c), this is the Office of the Legislative Auditor's performance report to the Legislative Reference Library.

Purpose of Contract:

The purpose of this contract is to provide the Office of the Legislative Auditor (OLA) with the expertise needed to understand and assess the actuarial methodologies used by the state's three public pension plans to determine financial statement and note disclosure amounts required by new pension accounting principles. The new pension accounting principles (Statements 67 and 68 of the Governmental Accounting Standards Board) dramatically changed how public pension plans and their participating governments accounted for pension liabilities. The amounts included in the plans' financial statements and notes are now determined by the plans' actuaries using actuarial methods to determine the present value of the future pension benefits owed.

Amount of Contract: \$56,465.00

Justification for Contract:

The OLA's Financial Audit Division did not have sufficient knowledge or experience with actuarial methods relevant to the new accounting standards. Division staff felt they would be unable to determine whether their work resulted in sufficient appropriate audit evidence as a basis for the audit opinion.

DATE: August 9, 2019
RE: Expiration of Consulting Contract

Minnesota Statutes, Section 3.225, Subdivision 5, Paragraph (c), requires the Legislative Coordinating Commission, including the Legislative Commission on Pensions and Retirement (LCPR), to file a one-page performance report to the Legislative Reference Library within 30 days of final completion of a contract over \$40,000. This report is intended to satisfy that requirement with respect to a contract covered by subdivision 5 valued in excess of \$40,000.

Contractor/Vendor Name	Deloitte Consulting LLP
Contract purpose	Actuarial review consulting services (FY2015 – FY2019).
Why it was necessary to enter into the contract	The LCPR and its staff do not have the expertise nor resources to provide these services. Minnesota Statutes, Section 356.214, Subdivision 4, authorizes the LCPR to “contract with an established actuarial consulting firm to audit or review the actuarial valuations, experience studies, and actuarial cost analyses prepared by the actuary retained by the [public pension funds].” The actuarial consulting firm retained is to “audit the valuation reports submitted by the actuary retained by each governing or managing board or administrative official, and provide an assessment of the reasonableness, reliability, and areas of concern or potential improvement in the specific reports reviewed, the procedures utilized by any particular reporting actuary, or general modifications to standards, procedures, or assumptions that the commission may wish to consider.”
Amount spent on contract	\$554,948.50
Cost-effectiveness	The contractor performed the services as specified in the contract within the agreed-upon cost parameters for each project. The contractor was neither timely nor client-friendly in performing many of the services. LCPR staff received none of the customer service incidentals that are typical for a consulting relationship of this duration and value.

TO: Senator Allan H. Spear
President of the Senate
Chair, Legislative Coordinating Commission

FROM: Senator Steven Morse *S.M.*
Chair, Legislative Commission on Pensions and Retirement

RE: Report on Newly Executed Professional or Technical Services Contract

DATE: June 24, 1998

The Legislative Coordinating Commission is required, under Minnesota Statutes, Section 3.225, to report monthly to the Legislative Reference Library on all professional or technical service contracts executed in the preceding month. To assist the Legislative Coordinating Commission, this is to notify you of a professional services contract executed by the Legislative Commission on Pensions and Retirement.

On June 17, 1998, the Legislative Commission on Pensions and Retirement approved an actuarial consulting services contract with the actuarial consulting firm of Milliman & Robertson, Inc. as the actuarial consultant for the Commission. On behalf of the Commission, I executed a contract with Milliman & Robertson, Inc. on June 17, 1997.

The following is the pertinent information on the professional services contract:

1. Contracting Entity:
Legislative Commission on Pensions and Retirement.
2. Contractor:
Milliman & Robertson, Inc.
15800 Bluemound Road
Brookfield, Wisconsin 53005-6069
3. Aggregate Value of the Contract:
For fiscal year 1999, the aggregate value of the contract is a maximum of \$233,400 for the annual actuarial valuations, including the police and fire consolidation accounts, and a maximum of \$95,000 for additional actuarial consulting services.

For fiscal year 2000, the aggregate value of the contract is a maximum of \$239,550 for the annual actuarial valuations, including the police and fire consolidation accounts, and a maximum of \$95,000 for additional actuarial consulting services.

For fiscal year 2001, the aggregate value of the contract is a maximum of \$246,700 for the annual actuarial valuation, including the police and fire consolidation accounts, and a maximum of \$100,000 for additional actuarial consulting services.

For fiscal year 2002, the aggregate value of the contract is a maximum of \$253,850 for the annual actuarial valuation, including the police and fire consolidation accounts, and a maximum of \$100,000 for additional actuarial consulting services.

4. New or Renewal Contract:

The contract is a new four year contract with a contractor whom the Commission has retained previously.

5. Contract Termination Date:

The contract termination date is June 30, 2002, or completion of actuarial consulting tasks assigned before June 30, 2002, whichever is later.

6. Categorization of Contract:

The contract is for the provision of actuarial valuation and other actuarial consulting services.

If you have any questions regarding this report, please contact me (296-5649) or Lawrence Martin, Executive Director, Legislative Commission on Pensions and Retirement (296-6806.)

RE: Report on Finally Completed Professional or Technical Services Contract under Minnesota Statutes, Section 3.225

DATE: June 18, 1997

As required by Minnesota Statutes, Section 3.225, this is the one-page performance report to be filed with the Legislative Reference Library on the actuarial services contract between Milliman & Robertson, Inc. and the Legislative Commission on Pensions and Retirement that was finally completed on June 30, 1997.

The following is the pertinent information on this professional services contract, now finally completed:

1. Purpose of Contract: The actuarial services contract between the established actuarial consulting firm of Milliman & Robertson, Inc. of Brookfield, Wisconsin and Minneapolis, Minnesota, was entered into in order to comply with Minnesota Statutes, Section 3.85, Subdivision 11, Paragraph (a). The actuarial services contract is necessary in order to produce the annual actuarial valuations for the 13 statewide and major local Minnesota public retirement plans and the various local police and fire consolidation accounts required by Minnesota Statutes, Section 356.215, to produce the quadrennial experience studies of the three largest Minnesota public retirement plans for Fiscal Year 1997 under Minnesota Statutes, Section 356.215, and to perform actuarial cost impact estimates of pending legislation and any other actuarial and benefit consulting services required by the Commission.
2. Amount Spent on Contract: For the two year time period of the contract and its two one-year extensions, the Commission spent the following amounts:*

Fiscal Year 1996	251,816.59
Fiscal Year 1997	281,000.00**
Total	\$532,816.59

* Includes amounts expended under the contract for the benefit of other parties and reimbursed or reimbursable by them.

** Estimated amount pending final monthly billing of the professional services fees related to the pending Austin Fire Department Relief Association consolidation.
3. Explanation of Cost Effectiveness: Consistently produced and accurate actuarial data and well-informed and experience actuarial consulting are essential for the Legislature, the Executive Branch, the retirement plan administrations, the participating employers, the retirement plan memberships, the taxpayers, and the current and potential bondholders of the State in order to judge the financial soundness of the various retirement plans and their recurring contribution requirements. To the best knowledge of the Commission staff, only two states (New York and Washington) attempt to perform the various actuarial functions utilizing state employees and state owned computer hardware and software rather than retaining outside actuarial consultants. The recently completed contract with Milliman & Robertson, Inc. resulted in the provision of this required data and consulting services in a more efficient, cost-effective, and reliable manner than depending on various actuaries retained by the various retirement plans. The annual actuarial consulting fee paid to Milliman & Robertson, Inc. totaled less than four one-thousandths of one percent of the total covered payroll of all applicable Minnesota public retirement plans, totaled three one-hundredths of one percent of the annual total actuarial cost of all applicable Minnesota public retirement plans, and totaled three one-hundredths of one percent of the annual total contributions to all applicable Minnesota public retirement plans.

If you have any questions regarding this report, please contact me (296-6806.)

RE: Report on Finally Completed Professional or Technical Services Contract under
Laws 1995, Chapter 254, Article 1, Section 35, Subdivision 5

DATE: July 6, 1995

As required by Laws 1995, Chapter 254, Article 1, Section 35, Subdivision 5, this is the one-page performance report to be filed with the Legislative Reference Library on the actuarial services contract between Milliman & Robertson, Inc. and the Legislative Commission on Pensions and Retirement that was finally completed on June 30, 1995.

The following is the pertinent information on this professional services contract, now finally completed:

1. Purpose of Contract: The actuarial services contract between the established actuarial consulting firm of Milliman & Robertson, Inc. of Brookfield, Wisconsin and Minneapolis, Minnesota, was entered into in order to comply with Minnesota Statutes, Section 3.85, Subdivision 11, Paragraph (a). The actuarial services contract is necessary in order to produce the annual actuarial valuations for the 13 statewide and major local Minnesota public retirement plans and the 35 local police and fire consolidation accounts required by Minnesota Statutes, Section 356.215, to produce the quadrennial experience studies of the three largest Minnesota public retirement plans for Fiscal Year 1993 under Minnesota Statutes, Section 356.215, and to perform actuarial cost impact estimates of pending legislation and any other actuarial and benefit consulting services required by the Commission.

2. Amount Spent on Contract: For the two year time period of the contract and its two one-year extensions, the Commission spent the following amounts:*

Fiscal Year 1992	\$235,021.91
Fiscal Year 1993	323,234.92
Fiscal Year 1994	300,381.47
Fiscal Year 1995	240,536.72**
Total	\$1,099,175.02

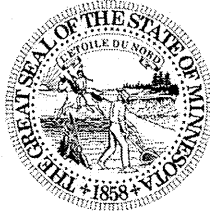

* Includes amounts expended under the contract for the benefit of other parties and reimbursed or reimbursable by them.

** Estimated amount pending final monthly billing of the professional services fees related to the pending Austin Fire Department Relief Association consolidation.

3. Explanation of Cost Effectiveness: Consistently produced and accurate actuarial data and well-informed and experience actuarial consulting are essential for the Legislature, the Executive Branch, the retirement plan administrations, the participating employers, the retirement plan memberships, the taxpayers, and the current and potential bondholders of the State in order to judge the financial soundness of the various retirement plans and their recurring contribution requirements. To the best knowledge of the Commission staff, only two states (New York and Washington) attempt to perform the various actuarial functions utilizing state employees and state owned computer hardware and software rather than retaining outside actuarial consultants. The recently completed contract with Milliman & Robertson, Inc. resulted in the provision of this required data and consulting services in a more efficient, cost-effective, and reliable manner than depending on various actuaries retained by the various retirement plans. The Fiscal Year 1994 actuarial consulting fee paid to Milliman & Robertson, Inc. totalled less than four one-thousandths of one percent of the total covered payroll of all applicable Minnesota public retirement plans (\$7.7 billion,) totalled three one-hundredths of one percent of the annual total actuarial cost of all applicable Minnesota public retirement plans (\$969.7 million,) and totalled three one-hundredths of one percent of the annual total contributions to all applicable Minnesota public retirement plans (\$918.9 million.)

OFFICE OF THE REVISOR OF STATUTES

Minnesota Legislature

DATE: August 22, 2019
TO: Chris Steller, Legislative Reference Library
FROM: Ryan Inman

Minnesota Statutes 3.225, Subdivision 5(c), requires the Legislative Coordinating Commission to file a one-page performance report to the Legislative Reference Library within 30 days of final completion of a contract over \$40,000. This report contains executed contract/s that applies to the criteria.

Contractor/Vendor Name:	Zinncorp
Contract Purpose:	Provide technical expertise to document and model the business processes used by the Office of the Revisor of Statutes to draft/review/publish legislative documents, administrative rule documents, and legal publications.
Why it was Necessary to Enter into an Agreement:	The Office of the Revisor of Statutes did not have the staff resources or the expertise to provide the needed services with existing staff.
Amount Spent on Contract:	\$66,207.00
Cost-Effective /Efficiency Considerations:	The technical expertise provided by the contractor was essential to ensuring each discreet business process was adequately identified and diagramed for the purposes of beginning the process to develop/replace a legacy software system critical to legislative operations.

TO: Katie Elmore, Legislative Reference Library

FROM: Kasey Gerkovich, Legislative Coordinating Commission

Minnesota Statutes 3.225, Subdivision 5(c), requires the Legislative Coordinating Commission to file a one-page performance report to the Legislative Reference Library within 30 days of final completion of a contract over \$40,000. This report contains executed contract/s that applies to the criteria.

Contractor/Vendor Name:	Kimley-Horn and Associates
Contract Purpose:	Corridor management planning and implementation services for Mississippi River Parkway Commission (MN-MRPC) under the fiscal oversight of the Legislative Coordinating Commission
Why it was Necessary to Enter into an Agreement:	The Legislative Coordinating Commission did not have the staff resources nor the expertise to provide these services with existing staff within the timeframe required by the federal grant funding the project.
Amount Spent on Contract:	\$466,000
Cost-Effective /Efficiency Considerations:	The development of corridor management plan (CMP) for the Great River Road serves as the 10-15 year strategic plan to assist in identifying the actions, responsibilities, procedures, controls, operational practices, and suggest strategies to help the MN-MRPC and its partners provide and promote a superior byway travel experience and improve quality of life locally, while maintaining the archaeological, cultural, historic, natural, recreational, and scenic intrinsic resources that support Minnesota's Great River Road National Scenic Byway. The projected was funded through a national scenic byway grant provided by the Federal Highway Administration and a project grant through the National Park Service used as the required matching funds. Kimley-Horn was selected through a request for proposal best value evaluation process for their understanding of the project, incorporation of innovative strategy, their GIS expertise, and their strategy of community and stakeholder involvement in the process. Kimley-Horn also had experience developing CMP for similar entities. Staff from MN-MRPC and Minnesota Department of Transportation worked closely with Kimley-Horn on the project. A completed CMP was given to the Legislative Reference Library but can also be accessed at http://www.mnmississippiriver.com/cmp/

Minnesota Statutes 3.225, Subdivision 5(c), requires the Legislative Coordinating Commission to file a one-page performance report to the Legislative Reference Library within 30 days of final completion of a contract over \$40,000. This report contains executed contract/s that applies to the criteria.

Contractor/Vendor Name:	Insight Public Sector, Inc.
Contract Purpose:	Implementation of remote network operation services for Voice over IP (VoIP) system for the Legislature and post-migration support/training for legislative staff for maintenance purposes.
Why it was Necessary to Enter into an Agreement:	Staff resources lacked the technical expertise for the initial implementation and maintenance training of a new VoIP system
Amount Spent on Contract:	\$75,032.39
Cost-Effective /Efficiency Considerations:	The Legislature legacy VoIP system was no longer supported by its vendor and a new single phone system was needed to meet the needs of legislative members, staff and the public. After investigation by technical and managerial staff of the House, Senate and Legislative Coordinating Commission, Insight was selected for system implementation and training services. Vendor staff traveled on-site to implement the system and to train legislative staff for maintenance purposes and to be better equipped to manage the system.

FY 2014 LCC Contract List

Instructions: pursuant to MS 3.225, Subd. 5, the LCC must submit a monthly report listing all contracts for professional or technical services executed and submit to the Legislative Reference Library. *Within 30 days of final completion of a contract over \$40,000 covered by this subdivision, the chief executive of the entity entering into the contract must file a one-page performance report with the Legislative Reference Library.

Legislative Coordinating Commission

FROM: Lorna Breiter *Lorna Breiter*
Assistant Deputy Revisor

RE: Professional and technical service contracts

As required by Minnesota Statutes, section 3.225, subdivision 5, I am submitting this report to the Legislative Coordinating Commission for submission to the Legislative Reference Library. For fiscal years 1998 and 1999, the following professional services contracts were executed by the Revisor of Statutes Office for the indexing of publications by the Revisor. Although all contractors have been under contract with the Revisor for indexing work in previous years, the contracts are new contracts, not renewals.

Teresa Hudoba

Total contract amount: Fiscal year 1998 - \$26,292
Fiscal year 1999 - \$23,000

Barbara Kallusky

Total contract amount: Fiscal year 1998 - \$39,926.25
Fiscal year 1999 - \$37,268

Suzanna Moody

Total contract amount: Fiscal year 1998 - \$39,088
Fiscal year 1999 - \$35,910

Eileen Quam

Total contract amount: Fiscal year 1998 - \$21,910
Fiscal year 1999 - \$18,400

Diana Witt

Total contract amount: Fiscal year 1998 - \$10,955
Fiscal year 1999 - \$9,200

Theresa Wolner

Total contract amount: Fiscal year 1998 - \$28,483
Fiscal year 1999 - \$25,300

RE: Report on consulting contract

Minnesota Statutes 3.225, Subdivision 5 in part requires the LCC to report to the Library any professional or technical services contracts which have been executed.

The Legislative Coordinating Commission has executed a contract for consulting services with the Interpreter Referral Center of the Minnesota Foundation for Better Hearing and Speech.

- The maximum expenditure permitted under the contract is \$10,000;
- The termination date is the last day of the 1997 regular session;
- The purpose of the contract was for the consultant to provide interpreter services for people who are deaf or hard of hearing for legislative hearings or meetings with members.

The LCC amended this contract on April 18, 1997 to increase the maximum amount by \$10,000 to be available for services to be provided. No other terms of the contract were modified.

RE: Report on Newly Executed Professional or Technical Services Contract

DATE: July 6, 1995

The Legislative Coordinating Commission is required, under Laws 1995, Chapter 254, Article 1, Section 35, Subdivision 5, to report monthly to the Legislative Reference Library on all professional or technical service contracts executed in the preceding month. To assist the Legislative Coordinating Commission, this is to notify you of a professional services contract executed by the Legislative Commission on Pensions and Retirement.

On July 6, 1995, the Legislative Commission on Pensions and Retirement approved the recommendation made by its Actuarial Services Subcommittee of the actuarial consulting firm of Milliman & Robertson, Inc. as the actuarial consultant for the Commission. On behalf of the Commission, I executed a contract with Milliman & Robertson, Inc. on that date.

The following is the pertinent information on the professional services contract:

1. Contracting Entity:
Legislative Commission on Pensions and Retirement.
2. Contractor:
Milliman & Robertson, Inc.
15800 Bluemound Road
Brookfield, Wisconsin 53005-6069
3. Aggregate Value of Contract:
For fiscal year 1996, a maximum of \$204,750 for the annual actuarial valuations, including the police and fire consolidation accounts, and a maximum of \$90,000 for additional actuarial consulting services.

For fiscal year 1997, a maximum of \$210,500 for the annual actuarial valuations, including the police and fire consolidation accounts, a maximum of \$35,000 for quadrennial experience studies for the three largest plans, and a maximum of \$90,000 for additional actuarial consulting services.
4. New or Renewal Contract:
The contract is a new contract with a contractor whom the Commission has retained for the prior four fiscal years.

5. Contract Termination Date:
June 30, 1997, or completion of actuarial consulting tasks assigned before June 30, 1997, whichever is later. The contract may be extended for one additional year, to June 30, 1998.
6. Categorization of Contract:
The Contract is for the provision of actuarial valuation and other actuarial consulting services.

If you have any questions regarding this report, please contact me (296-8659) or Lawrence Martin, Executive Director, Legislative Commission on Pensions and Retirement (296-6806.)

DATE: July 11, 2017

TO: Chris Steller, Legislative Reference Library

FROM: Paul Marinac, Revisor of Statutes

Minnesota Statutes 3.225, Subdivision 5(c), requires the Legislative Coordinating Commission to file a one-page performance report to the Legislative Reference Library within 30 days of final completion of a contract over \$40,000. This report contains executed contract/s that applies to the criteria.

Contractor/Vendor Name:	Project Consulting Group
Contract Purpose:	Software system architect services
Why it was Necessary to Enter into an Agreement:	The Office of the Revisor of Statutes did not have the staff resources nor the expertise to provide these services with existing staff.
Amount Spent on Contract:	\$109,306.00
Cost-Effective /Efficiency Considerations:	The contractor performed the following tasks for which the Revisor's Office did not have sufficient expertise or personnel to complete within the pilot projects timeframe. 1. Evaluation of Enterprise Content Management Systems. The evaluation included both open-source and commercial software applications. After identifying viable applications, the contractor spent weeks conversing with the application vendor's marketing and technical staff. She explained MARSS requirements and negotiated free, trial licenses.

July 14, 2004

To: Robbie LaFleur
Director, Legislative Reference Library

From: Michele L. Timmons
Revisor of Statutes

This report is written in compliance with Minnesota Statutes, section 3.225, subdivision 5, paragraph (c).

The Office of the Revisor of Statutes entered into a contract with Suzanna Moody for fiscal year 2004, ending June 30, 2004, for the total amount of \$ 41,904.28.

The purpose of the contract was the provision of indexing services for Minnesota Statutes.

It is necessary to enter into a contract for these services because the Revisor has only one staff member with significant training and experience in indexing, and the volume of indexing work needed is too great for one person to complete within publication deadlines.

The amount actually spent on the contract was \$ 24,100.70. In the unusual year just ended, few bills were passed, so that the volume of indexing work was lower than expected.

Contracting for indexing services is the most cost-effective way to accomplish the Revisor's indexing tasks because quality in indexing requires consistency and requires that the index be maintained by those who first produced it. The indexers with whom the Revisor contracts are those who were involved with the reindexing of Minnesota Statutes from the beginning of that project in 1988.

Work submitted by the contractor is reviewed for consistency with the existing index, as well as for the completeness and accuracy, by Revisor's agent under the contract. That work has always met the office's needs and has been completed in a timely manner. The Revisor's office plans to continue its contract with Suzanna Moody in the coming year.

The Office of the Revisor of Statutes entered into a contract with Barbara Kallusky for fiscal year 2001, ending June 30, 2001, for the total amount of \$ 50,796.00.

The purpose of the contract was the provision of indexing services for Minnesota Statutes, Minnesota Rules, Session Laws, and Court Rules.

It is necessary to enter into a contract for these services because the Revisor has only one staff member with significant training and experience in indexing, and the volume of indexing work needed is too great for one person to complete within publication deadlines.

The amount actually spent on the contract was \$ 49,258.01. Because the legislature did not pass its major spending bills during the regular 2001 session, much indexing work will need to be completed under a contract for the next year.

Contracting for indexing services is the most cost-effective way to accomplish the Revisor's indexing tasks because quality in indexing requires consistency and requires that the index be maintained by those who first produced it. The indexers with whom the Revisor contracts are those who were involved with the reindexing of Minnesota Statutes from the beginning of that project in 1988.

Work submitted by the contractor is reviewed for consistency with the existing index, as well as for the completeness and accuracy, by Revisor's agent under the contract. That work has always met the office's needs and has been completed in a timely manner. The Revisor's office plans to continue its contract with Barbara Kallusky in the coming year.

Office of the Revisor of Statutes
Minnesota Legislature

Michele L. Timmons
REVISOR

To: Robbie LaFleur
Director, Legislative Reference Library

From: Michele L. Timmons 
Revisor of Statutes

This report is written in compliance with Minnesota Statutes, section 3.225, subdivision .5.

The Office of the Revisor of Statutes entered into a contract with Suzanna Moody for fiscal year 2000, ended June 30, 2000, for the total amount of \$ 42,272.00.

The purpose of the contract was the provision of indexing services for Minnesota Statutes, Minnesota Rules, Session Laws, and Court Rules.

It is necessary to enter into a contract for these services because the Revisor has only one staff member with significant training and experience in indexing, and the volume of indexing work needed is too great for one person to complete within publication deadlines.

The amount actually spent on the contract was \$36,842.67. The Revisor was not able to have freelancers complete as much editing as anticipated because of delays caused by the installation of new database software for the index.

Contracting for indexing services is the most cost-effective way to accomplish the Revisor's indexing tasks because quality in indexing requires consistency and requires that the index be maintained by those who first produced it.
